PROTARAS

This is one of the most beautiful areas in Cyprus, poised in its contrasts. Protaras means “to first see” and the reason is because in Protaras you can see the very first sunrise in the whole of Europe. It’s located in the southeast of Cyprus and is part of the administrative boundaries of the city of Paralimni. A modern city with extensive history and culture, with many public amenities, hospitals, shops, activities, cultural events and entertainment options, that also provides a great quality of life to its citizens.

The tourist resort of Protaras stretches along the eastern coast of Paralimni and is one of the most popular destinations in Europe. Unsurprisingly so, as it is an area that combines development and expansion with the beautiful natural environment and the one of a kind beaches with crystal clear waters.

In Protaras one can find exactly what they need and that’s what makes it so unique. It combines tranquility and tradition, with the flair of a contemporary tourist resort, and it constitutes an ideal destination every season of the year. An area that makes you fall in love at first sight and once you visit it, you will realize why. Especially if you see the magical setting of the sunrise or sunset on one of its beaches.

Exceeding Expectations

HIGH RENTAL YIELDS

With the leading vacation rental suppliers of the South East Cyprus.

Real estate industry experts are in no doubt that the property market in Cyprus is experiencing a welcome upturn. Despite the difficulties of the past, the market is beginning to experience new buoyancy and this is clearly reflected in the confidence of leading developers such as Giovanni Group.

With so many projects already under construction and numerous completed builds, it is abundantly clear that the industry is on the verge of a new growth spurt. While no one can argue that prices did fall in previous years, this has only served to create some great opportunities for any astute investors who are prepared to grasp them.

Investing in buy-to-let property in Cyprus, whether as a means to finance a personal holiday home purchase or as an intentional investment strategy, now makes extremely sound sense. Apart from the obvious and hectic expansion in the Island's tourism industry.

EU membership can only be good news for property buyers and investors in Cyprus and the country's expedient recovery from its financial difficulties speak for themselves. Through creating a more stable financial environment and ushering in positive reforms within the real estate industry, EU membership is certain to be a major contributing factor in this continuously improving sector.

Concerning holiday locations, Cyprus has a huge advantage over the competition, where EU visitors are concerned both in terms of freedom of access and European standards. The warm climate, friendly people and low crime, all contribute towards making our country one of the most attractive holiday destinations.
